

# **ENGINEERING MEETING**

---

## **Diagnostic Access/Thomson Scattering**

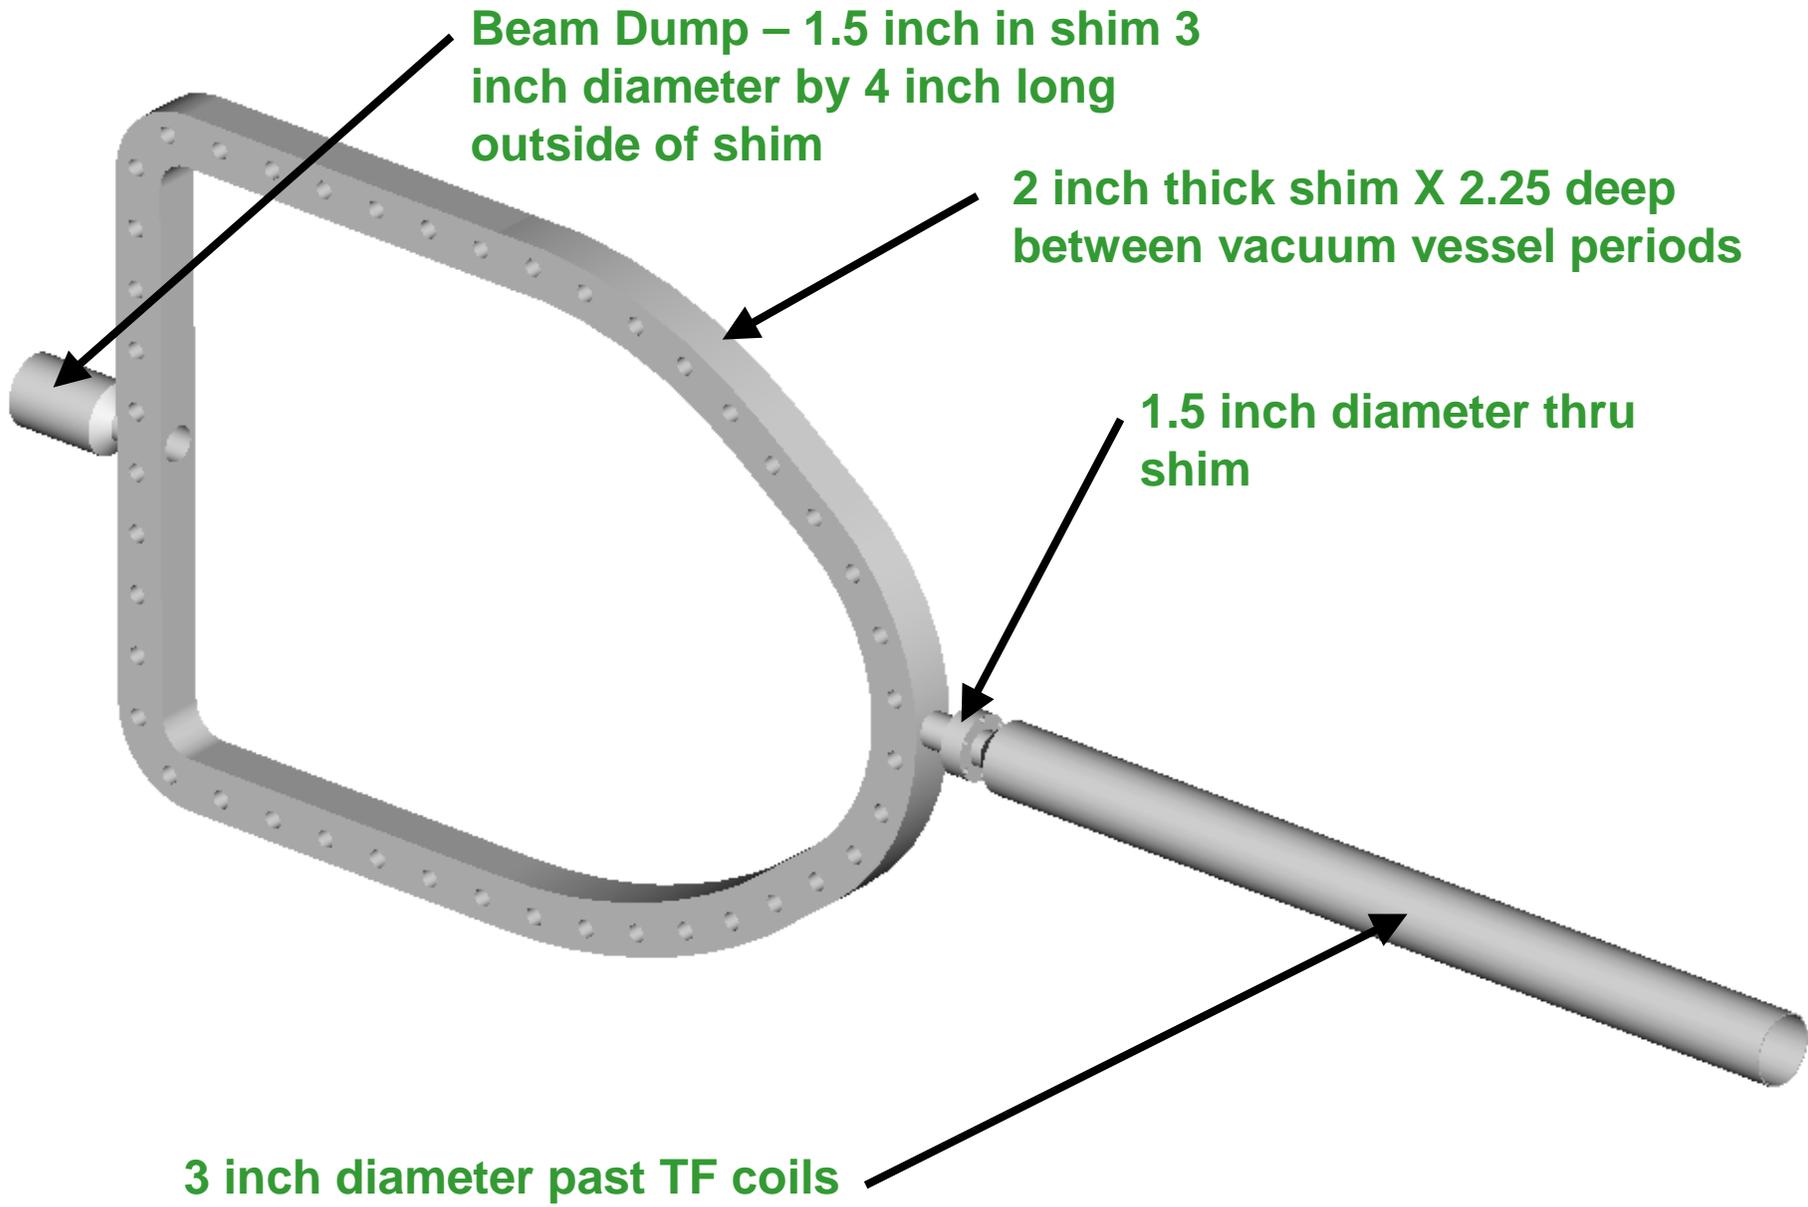

**JULY 18, 2001**

**M. COLE / D. JOHNSON**

Concept for  
Thomson  
Scattering  
proposed by B.  
Nelson

Shim located between  
vacuum vessel

**Beam Dump – 1.5 inch in shim 3 inch diameter by 4 inch long outside of shim**

**2 inch thick shim X 2.25 deep between vacuum vessel periods**

**1.5 inch diameter thru shim**

**3 inch diameter past TF coils**

SIMPLIFIED REF: NO. CRYOS
