- 13. The profile of port 12b checks from -0.488 / +0.489.
- 14. The profile of the nb port checks -0.150 / +0.218.

Project Disposition:

Approvals:

After review by Mike Cole and Art Brooks, the project has determined that the shell geometry poses no hard interferences and the plasma encroachment is acceptable. The bosses have been reviewed and previously accepted. Therefore, Project Disposition is: Use as is.
